WASHLET®SMART TOILET G5A

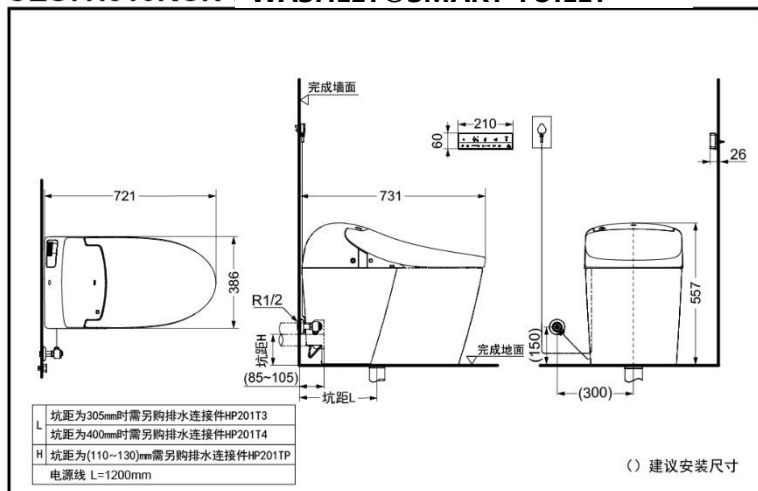

CES7H310KCN
Function part
TCF7H310KCN#W
Toilet part
CW858RB-7H310#XW
Toilet drain
HP201T3#00(305mm)
HP201T4#00(400mm)
HP201TP#00(120mm)

FEATURES

- A series of sensing functions such as "automatic washing", "automatic opening and closing" and "automatic deodorization" perfectly interpret artificial intelligence.
- It integrates the functions of warm water washing, warm air drying, heatinsulating toilet seat and intelligent deodorization.
- Spray function before defecation, which makes the surface of toilet wet and prevents dirt from adhering.
- Intelligent deodorization keeps the air fresh in the bathroom all the time.
- Wireless remote control, full control, unique personality settingfunction, can set water temperature and waterpotential according to personal preferences.
- Timing power saving unction, automatic power saving, energy saving and environmental protection.
- The bottom of the toilet seat and the nozzle are made of clean resin with good antifoulingeffect, which makes the stains difficult to adhere and more convenient to clean.

CES7H310KCN WASHLET®SMART TOILET

SPECIFICS

Size: 721*386*557mm
Dual Flush Volume: 3.0/4.5L
Nominal water consumption: 3.5L
Water Efficiency: Grade2
Flushing mode: Washdown
Water Inlet Requirement: 0.05MPa(Dynamic Pressure)~0.75MPa(Static Pressure)
Power Source: 220V(50Hz)
Power: 817W
